## ***HIS GRACE IS ENOUGH***

**Acts 9:5 NLT- “Who are you, Lord?” Saul asked. And the voice replied, “I am Jesus, the one you are persecuting!”**

Saul of Tarsus, a Pharisee and teacher of God's laws, did not believe Jesus was the Messiah. He went after Christians' and tried to arrest and imprison them, causing them to flee for their lives. While traveling to arrest more Christians, Saul was suddenly struck by a bright light and became blind. This was Jesus's way of stopping him and urging him to change. Despite Saul's past sins, Jesus showed him love and gave him a second chance. Saul accepted God's grace, and repented, then his eye sight was restored and he became a follower of Jesus.

## **WHAT IS GRACE?**

God's grace is the unconditional kindness and love God offers to people, regardless of whether they deserve it. It means receiving help, forgiveness, and blessings without having to earn them.

### **FORGIVENESS**

The consequences for sin are death, separation from God forever. But God shows us his grace by forgiving us when we don't deserve it.

### **HELP**

God helps us because he cares. He shows us his grace by guiding us when we are in trouble and providing for our needs.

### **BLESSINGS**

Fun times with family or surprises are gifts from God, showing His grace by giving us happiness for no particular reason.

Saul was saved from Hell because of God's amazing grace! Even though he had done a lot of wrong things, God gave him a special gift he didn't deserve. When Jesus stopped Saul on the road and made him blind, he did it to get his attention and help him see he needed to change. The great news is that Saul said "yes" to Jesus! Because of God's wonderful grace, He forgave Saul for all the wrong things he had done!
